

# MODEL 250 LABORATORY SEED TREATER

[www.duboisengineering.com](http://www.duboisengineering.com)

## Operating Features Include:

- Automatically calculates chemical quantity based on the seed count, not volume, from 1 to 300 seeds
- Fully adjustable mix time allows you to get the perfect coverage for your application
- Entire mechanism is clear so you can verify all seeds are leaving the chamber and not sticking
- Simple and fast cleanup, very little water required, just a few moist paper towels, Very easy programming and calibration
- Optional Bar Code Reader can read seed count from packet
- Optional Magnetic Stir Plate

## Technical specifications:

Treating Speed.....Up to 6 cycles per minute  
depending on seed size and settings

Accuracy.....Chemical is dispensed in Micro-Liters

Programming.....Easy to operate touch screen

Power.....120 VAC @ 2 Amps 60Hz

Contact Material.....Stainless steel, Plastic, Aluminum, Rubber

Dimensions.....18"h x 15"w x 12"d

Weight..... Approx. 20 lbs.
